## COMPANY OVERVIEW

Stone Quartz Innovation LLC is a non-union stone fabrication and installation subcontractor with approximately eight years of experience. We serve general contractors, residential builders, renovation teams, and property owners seeking precision-fabricated natural and engineered stone.

## CORE SERVICES

- Custom kitchen countertops, islands, and waterfall edges
- Bathroom vanities, stone tops, and specialty surfaces
- Marble, granite, quartzite, and engineered quartz fabrication
- Field measurements, fabrication coordination, and installation
- Custom residential stonework and selected commercial stone packages

## PROJECT FIT

**Primary focus:** High-end residential renovations, custom homes, apartments, townhouses, kitchens, and bathrooms.
**Growth focus:** Larger residential and selected commercial stone subcontract packages.
**Prior completed stone contract size:** Approximately $25,000-$100,000. Interested in bidding appropriately scoped projects up to $500,000, subject to review and capacity.

## PREQUALIFICATION INFORMATION

**Workforce:** Non-union / open shop
**Insurance:** Certificate of insurance available upon request; coverage and project-specific requirements subject to verification
**Bonding:** Not currently bondable
**References and project photographs:** Available upon request
